Criterion E: Evaluation

Meeting the criteria for success

1. Interface, MET
2. Functioning Buttons, MET
3. Complete multiple choice quiz, MET
4. Checks for right or wrong answers, MET
5. Print total score, MET

Recommendations for future Improvements

1. Well one thing I'm working on right now is setting up multiple quizzes instead of just one quiz with varied questions, but rather a category of questions, so you can pick a history quiz, bio quiz, math quiz etc.
2. Another improvement would be a stats menu where after the quiz it will show your previous scores.
